# PRATTER 30.0

## 30 Kg/Batch Industrial Coffee Roaster Machine

Pratter 30 with PLC control is built for large-industrial scale coffee roasting with stable performance, repeatable results, and efficient workflow. Designed for 30 ton capacity production, it supports industrial roasteries that require better control, consistency, and reliability in daily operations.

### Capacity

30.000 g/batch

### Burner

Gas Burner 70-174 kW

### Machine Dimension

3.100 x 3.370 x 2.950 mm

### Power Source

11.000 W / 380 V

### Master Control - PLC

Wecon LX3V

### Interface - Touchscreen

Wecon SCADA 7", TFT Screen

### Drum Speed Control

Digital Input Value: 0-100%

### Airflow Speed Control

Digital Input Value: 0-100%

### Burner Control System

#### Input Value

0-10 / 0%-100%

#### Looping Value

Geometric Burner Valve 180°

#### Servo Value

Available

### Machine Include

- Beans Loader
- Hopper Gate
- Drop Gate
- Cooling Gate
- Destoner

MADE IN INDONESIA

### PRATTER COFFEE ROASTER

Jl. Pakel No.130-131, Banyuwangi, Surakarta, Central Java, Indonesia
